

Modular Jack Connectors

EDAC

Modular Jack Connectors

EDAC modular jacks are manufactured to industry standards and are also fully customizable. Single, ganged, or stacked versions are available up to 2 x 8 ports. Shielded or unshielded, with a variety of LED Options. SMT and through hole terminations are available in right angle or vertical orientations. Multiple plating options are also available.

Features

- RJ11/RJ45 single or stacked units are available in multiple body styles, with or without LEDs, and various mounting options
- Right angle or vertical mount in through hole or SMT
- Gold flash or gold-plated contacts, including high-thickness gold for telecom
- Shielded front ground, shielded rear ground, unshielded, or face-shielded versions
- Up to 8 ports ganged single row or 16 ports stacked dual row
- Optional LEDs in mixed combinations of green, orange, red, or yellow including bi-color variations
- Low or high profile types, keyed or unkeyed, with or without mounting flange

Modular Jack Connectors

Series	Type	No. of Positions / Contacts	No. of Ports	No. of Rows	Orientation	Shielded	LEDs	Tab Direction

Established in 1966, EDAC soon became a world leader in providing connectors for card edge and rack and panel applications. Since then, we have expanded our product offering to include one of the widest ranges of interconnect solutions in the world. Products include D-Sub, RJ45, USB, HDMI, inline plug and socket, headers, spring loaded pogo pin, and waterproof connectors. Cable assemblies and custom solutions are also available. Our innovation guides us into new customer opportunities as we challenge the status quo. This belief resonates throughout the organization and results in exceptional quality service globally.
